Silent Star Foundation,

Thank you with all my heart for helping Carlos Cornejo. He has been my student for three years. He is one of the most kindest, sweet and smart boy I know. I have seen him overcome so many obstacles including his battle with speech. Your generous gift will provide Carlos with so many opportunities to work on his speech and language goals. I am so excited to see how far Carlos can go in life with this gift. Thank you again for thinking of this beautiful boy. We will keep in contact with your organization to share his progress.

Hello 😊

I'm sorry this took a while to get to you. Carlos' teacher wanted to write a "thank you" letter also. She surprised me with this beautiful "thank you" card from everyone in his class. (I hope it all fits on facebook 😊)

Thank you again 😊

Sincerely,

Maria Cornejo
